## HERDING HALL OF FAME

Tory worked sheep with a smile. While she wasn't driven to herd she seemed to enjoy it. Like all good herding dogs she sometimes tried to make things more fun than they should have been. But working ducks really made her smile ! It was like she thought it was funny that she got to move those little quakers around.

## AGILITY HALL OF FAME

Gem was a truly once in a lifetime dog. I knew she was good but at the same time I did not realize how truly special she was.

Considering that neither she or I knew how to do herding when we started, I think she ended up teaching me.

I asked of her and she figured it out and accomplished it. I can't tell you how proud I was and still am of my Gem.
